

TS482 Option:
The TPA6113 (U7) can be replaced by a TS4821DT, for perhaps slightly better audio performance.
Digkey part number: 497-2287-1-ND
The following component changes must be made for placing a TS482:
* Do not place D2.
* Replace C31 with a 100K (0805) resistor.
* Place R22, which is a 0 ohm resistor.
